

REMARKS

Claims 1-27, 29-54, 57-59, 63-65, 110-113 and 118-121 are pending in the present application. Claims 66-68 and 70-98 have been cancelled in the present Amendment. Claims 33-34 and 36 have been amended to correct formal matters noted by the Examiner. Independent claim 65 has been amended to incorporate the allowable subject matter of claim 68. Accordingly no new subject matter has been added by the foregoing amendments.

Allowable Subject Matter

The Examiner has allowed claims 1-27, 29-34, 36-54, 57-59, 63-64, 110-113 and 118-121. The Examiner has objected to claim 68 but stated that this claim would be allowable if rewritten in independent form to include all features of the base claim and any intervening claims. Applicants thank the Examiner for this indication of allowable subject matter.

Independent claim 65 has been amended to incorporate the features of original claim 68. Thus, original claim 68 has been rewritten in independent form to incorporate all features of the base claim (original claim 65). Therefore, Applicants respectfully submit that claim 65 is allowable and that the Examiner's objection to claim 68 is overcome. Reconsideration and withdrawal of the Examiner's objection is therefore respectfully requested.

Claim Objections

The Examiner has objected to claims 33, 34 and 36 because of informalities. Claims 33 and 36 have been amended to incorporate language suggested by the Examiner. With respect to claim 34, the Examiner suggests inserting "from the determined point" at the end of the claim. Applicants have amended claim 34 to more clearly recite the claimed subject matter and overcome the Examiner's objection by adding the language "from the completion of the trick play event" to the end of the claim. Accordingly, Applicants respectfully submit that claims 33, 34 and 36 are allowable and

that the Examiner's objection to claims 33, 34 and 36 is overcome. Reconsideration and withdrawal of the Examiner's objection are therefore respectfully requested.

Claim Rejection – 35 USC § 102

The Examiner has rejected claims 65-67 under 35 USC § 102 as being anticipated by U.S. Application 2002/0191950 to Wang. Claim 65 has been rewritten to incorporate the allowable subject matter of claim 68. Claims 66 and 67 have been cancelled. Thus, Examiner's rejections of claims 65-67 is moot.

Conclusion

In view of the foregoing amendments and remarks, Applicants respectfully submit that the Examiner's objections and rejections have been overcome, and that the application, including claims 1-27, 29-54, 57-59, 63-65, 110-113 and 118-121, is in condition for allowance. Reconsideration and withdrawal of the Examiner's objections and rejections and an early Notice of Allowance are respectfully requested.

Respectfully submitted,
